

# Frenkli Kapri

Lead Software Engineer

Tirana, Albania | kaprifrenkli@gmail.com  
LinkedIn   GitHub   UpWork (Top Rated Plus)

## Professional Profile

Lead Software Engineer with over 9 years of experience specializing in .NET technologies, cloud architecture, and team leadership. Expertise in designing and implementing complex applications, with a proven track record of delivering high-impact software solutions across various domains including identity management and transaction processing.

## Professional Experience

<div><div>Lead Software Engineer</div><div>EmpowerID</div><div><ul style="list-style-type: none"><li>Leading a corporate-level IAM project for a major client</li><li>Managing team of 12-16 professionals</li><li>Providing project leadership for complex IAM system customizations</li><li>Conducting requirements gathering and analysis with stakeholders</li><li>Implementing system design and complex integrations</li><li>Collaborating with Business Analysts and Product Owners</li><li>Ensuring clear communication between technical and business teams</li></ul></div><div>Technologies: C#, .NET Core, MS SQL, Azure Active Directory, JavaScript, Azure Services</div></div>	03.2023 - Present
<div><div>Lead Software Engineer</div><div>Finagy</div><div><ul style="list-style-type: none"><li>Leading third-party service integrations for transaction processing</li><li>Managing team of 6-8 developers</li><li>Designing and implementing transaction processing solutions</li><li>Providing technical leadership and team guidance</li><li>Coordinating task delegation and coordination</li><li>Creating system architecture using UML</li></ul></div><div>Technologies: C#, .NET, PostgreSQL, Angular, UML</div></div>	02.2024 - 02.2025
<div><div>Software Engineer</div><div>B-LIVE DIGITAL LIMITED</div><div><ul style="list-style-type: none"><li>Developing Blazor-based AI-powered t-shirt design application</li><li>Implementing feature development in Blazor</li><li>Integrating AI image generation</li><li>Managing database and optimization</li></ul></div><div>Technologies: Blazor, .NET, MS SQL</div></div>	10.2023 - 01.2024
<div><div>Software Engineer</div><div>Ocean Ring Technologies</div><div><ul style="list-style-type: none"><li>Developing Financial Advisor Compensation Software</li><li>Implementing features for compensation system</li><li>Optimizing system performance</li><li>Collaborating with team members</li></ul></div><div>Technologies: .NET, Angular, MS SQL, C#</div></div>	09.2023 - 12.2023
<div><div>Software Engineer</div><div>Kentech Case</div><div><ul style="list-style-type: none"><li>Managing agency projects and implementation</li><li>Leading project management initiatives</li><li>Designing system architecture</li><li>Developing client solutions</li></ul></div><div>Technologies: .NET, C#, JavaScript, MS SQL, ASP.NET Core</div></div>	02.2023 - 11.2023
<div><div>Software Engineer</div><div>Soft &amp; Solution</div><div>Mainly worked on government systems. Designed and implemented many reusable packages, components and libraries to shorten the development time of a project by a lot. Some of the tasks were:<ul style="list-style-type: none"><li>Design and implement a dynamic system generator based on workflow configuration</li><li>Design and implement an identity package to be used in new projects</li><li>Design and implement many reusable libraries such as validation, multi-lingual libraries</li><li>Be part of the architectural discussions and decisions</li></ul></div><div>Technologies: ASP.NET MVC, .NET Web API, SQL, JavaScript, HTML, CSS, BitBucket, Jira</div></div>	09.2019 - 06.2021
<div><div>.NET Desktop Developer</div><div>Logical Albania</div><div>Tasks:<ul style="list-style-type: none"><li>Design and implement an application for managing warehouses and tracking the goods</li><li>Add new feature and maintain POS and CRM applications used by the biggest supermarket company in the country</li><li>Create windows services for data synchronization</li><li>Create a logger and a log viewer for fiscal cash registers</li></ul></div><div>Technologies: C#, WPF, Windows Forms, Windows Services, MS SQL, Git, Jira</div></div>	03.2018 - 08.2019

## Technical Skills

<div><div>.NET Technologies</div><div>C# .NET / ASP.NET Core Blazor Web APIs Entity Framework LINQ WPF</div></div>	<div><div>Frontend</div><div>JavaScript Angular TypeScript HTML5/CSS3</div></div>
<div><div>Databases</div><div>MS SQL PostgreSQL Azure Cosmos DB SQL Optimization</div></div>	<div><div>Cloud &amp; Infrastructure</div><div>Azure Services AWS Microservices Serverless Architecture</div></div>
<div><div>DevOps &amp; Tools</div><div>CI/CD Git Docker Azure DevOps Jira</div></div>	<div><div>Architecture &amp; Design</div><div>UML System Design Software Architecture RESTful APIs</div></div>
<div><div>Security</div><div>IAM OAuth/OIDC Auth/Authorization</div></div>	<div><div>Leadership</div><div>Team Leadership Project Management Agile Methods</div></div>

## Languages

English	<div></div>	Fluent (C1)
German	<div></div>	Elementary (A2)
Albanian	<div></div>	Native (C2)

## Education

<div><div>Master's Degree in Web Engineering</div><div>Technische Universität Chemnitz</div></div>	2021 - 2023
<div><div>Bachelor Degree in Software Engineering</div><div>Canadian Institute of Technology, Albania</div></div>	2016 - 2019

## Certifications & Achievements

<div><div>Microsoft Certification: Exam 483 - Programming in C#</div></div>	21.08.2019
<div><div>Top Rated Plus in UpWork Freelancing Platform</div></div>	Current
<div><div>Competition Achievements</div><div><ul style="list-style-type: none"><li>3rd Place in "Microsoft Imagine Cup Albania 2015"</li><li>3rd Place in "Tirana Programming Competition 2015"</li></ul></div></div>
